

UAF eCampus and Minto Development Corporation are partnering to help you meet your education goals with online courses and degrees

Why choose UAF eCampus?

Quality: UAF has been a national leader in online education for over 30 years.

Variety: We offer 50 online programs - from short endorsements to graduate programs, with hundreds of online courses.

Affordable: We offer Minto Development Corporation shareholders, descendants and employees a 10% tuition discount for eCampus courses and eCampus tuition is always at the Alaska resident rate, no matter where students are physically located.

Supportive: Our team offers individualized support for students from enrollment through completion.

Convenient: Our online, asynchronous programs are all about access - designed with busy working adults in mind.

UAF eCampus supports students across 250 Alaskan communities, all 50 states, and 39 countries.
