

# ICT SERVICES

Structured Cabling  
Fiber Optic Infrastructure  
Inside Plant / OSP

Minto Brawley is an 8(a) Alaska Native Corporation (ANC) that supports our mission critical customers and the warfighter by making their technology less complicated, more accessible and totally secure. Minto Brawley is an innovative ICT partner fully capable of end-to-end assessments of existing and new IT and telecom infrastructures. We bring a future-ready team of industry and subject matter experts who will help you design, construct, and sustain next generation platforms that will empower your mission. Whether we are supporting virtual reality warfare training systems or geofenced, encrypted data streams, Minto Brawley is your partner for success.

## ICT SERVICES CAPABILITIES

- RCDD Certification
- Structured Cabling
- NOC/SCIF
